

### REMARKS

Prior to entry of this amendment, claims 1-16 are pending. Claims 17-20 have been added. Claims 1, 3, 5, 10, 12-14 and 17 are independent. Claims 5-14 and 16 have been withdrawn.

In the outstanding Office action, the Examiner has placed a formal restriction requirement against the claims of the captioned application, as the Examiner considers the application to contain two separate and distinct inventions, directed to:

Group I: Claims 1-4 and 15, and

Group II: Claims 5-14 and 16.

The applicants hereby elect Group I, with traverse. If the subcombination is found to be allowable, it is respectfully requested that the combination be rejoined. Further, claims 17-20 are added to present the combination more generically. Support for these claims may be found, for example, in paragraph [0071] of the original specification.

If the Examiner believes that additional discussions or information might advance the prosecution of the instant application, the Examiner is invited to contact the undersigned at the telephone number listed below to expedite resolution of any outstanding issues.

In view of the foregoing amendments and remarks, early and favorable action on the merits is hereby requested.

Respectfully submitted,

LEE & MORSE, P.C.
